

# 2015-2016 CMAA-SAC LUNCH & LEARN SERIES

## Educational Advancement During Your Lunch Hour!

Please join CMAA-SAC for our Lunch & Learn Series. The presentations will be comparable to AIA and will help you fulfill CEUs for other organization. Attendance Certificates will be made available to all attendees.

## GEOTECH 101

**Speaker: John Lawrence, PE**  
Principal Engineer  
**Terracon**

Before owners can build highways, dams, buildings and other structures, they need a geotechnical evaluation partner to help determine how the characteristics of the soil conditions on the site will react under the stress caused by the weight of the structure. Geotechnical engineering services support all phases of a project, from preliminary design through completion of the building process.

### Key learning objectives include:

- Basic geotechnical engineering services and concepts
- Specialized geotechnical services
- Introduction to a geotechnical reports
- Components of a geotechnical report

sponsored by: **Terracon**  
Consulting Engineers & Scientists

**Wednesday**  
**November 18**  
**12:00 - 1:00 PM**

**Where:**  
999 Building Conference Center  
5th Floor  
999 Peachtree Street, NE  
Atlanta, GA 30329
