

# 2015-2016 CMAA-SAC LUNCH & LEARN SERIES

## Educational Advancement During Your Lunch Hour!

Please join CMAA-SAC for our Lunch & Learn Series. The presentations will be comparable to AIA and will help you fulfill CEUs for other organization. Attendance Certificates will be made available to all attendees.

## PROACTIVE RISK MANAGEMENT FOR CONSTRUCTION OF PARKING STRUCTURES

**Speaker: Sunil Puri, PE**  
Parking Practice Leader  
**WALTER P MOORE**

With the rising need of parking in our cities, the construction of parking structures has become a significant part of the business for majority of the construction managers. With different types of construction methods available – precast concrete, cast-in-place concrete post-tensioned, hybrid systems, steel – and ever increasing pressure to cut schedule and cost; the risks surrounding the construction of parking structures can easily grow undetected and can negatively impact the performance of the project.

### Key learning objectives include:

- Understand the sources of risks in the construction of parking structures
- Strategies to proactively manage risks
- Diagnostic approach to risk management
- Risk management case studies focused on construction of parking structures

sponsored by:

WALTER P MOORE

**Wednesday**  
**December 2**  
**12:00 - 1:00 PM**
