

2015-2016 CMAA-SAC LUNCH & LEARN SERIES

Educational Advancement During Your Lunch Hour!

Please join CMAA-SAC for our Lunch & Learn Series. The presentations will be comparable to AIA and will help you fulfill CEUs for other organization. Attendance Certificates will be made available to all attendees.

VAPOR WHAT?

Assessment & Mitigation of Vapor Intrusion

presented by:

Russell Griebel, P.G., C.P.G.

Executive Vice President

United Consulting

Mr. Griebel is a 20+ year employee of United Consulting where he services as Executive Vice President and leader of their Brownfield Redevelopment Practice. Mr. Griebel's experience ranges from Phase I & II Environmental Assessments, Brownfield projects, detailed corrective actions, underground storage tanks, and Program Management. Mr. Griebel is a leader and technical advisor for field sampling, data analysis, risk assessment, technical writing, verbal presentations, and community outreach/support. Mr. Griebel's passion for sustainable development/preservation and smart growth has enabled him to act as a valuable liaison between public/private developers and various government entities. His exposure to geotechnical engineering and his extensive environmental experience has served invaluable for developers trying to understand how to build on environmentally impacted properties.

Key learning objectives include:

- What is and is not vapor intrusion
- Implementation of assessment under EPA guides
- Mitigation approaches in construction

sponsored by:

Wednesday
May 25
12:00 - 1:00 PM

Where:

999 Building Conference Center
5th Floor
999 Peachtree Street, NE
Atlanta, GA 30329
